

## Trail Grading

Easiest

Easy

More Difficult

Very Difficult

Extremely Difficult

### Stockyards Loop

**Distance:**  
5.3km

The original fire management track follows the perimeter of the mountain bike riding area and provides a challenging introduction to new riders.

### Inner Loop

**Distance:**  
2.5km

Short twisting single track that links the majority of the tracks together, providing an excellent starting place to plan your route.

### Dam View

**Distance:**  
0.2km

Short fast twisting single track linking Inner Loop Track to the Stockyards Track

### Rockwell Run

**Distance:**  
0.4km

Fast difficult single track linking Inner Loop Track to the Stockyards Track.

### Quarry Pit

**Distance:**  
2.3km

Long fast technical single track linking Inner Loop Track to the Stockyards Track.

### Lactic Acid

**Distance:**  
0.8km

Technical single track, which utilises a number of rock slabs. Difficulty increases as you descend.

### Trav's Diamond

**Distance:**  
1.7km

Fast difficult XC track with numerous rock gardens and timber berms. Ripe for the experience XC rider.

### Techno Drop

**Distance:**  
0.0km

Yet to be constructed. This track will provide opportunities for freeriders to express themselves.

### Boulder Track

**Distance:**  
1.1km

Fast twisting single track linking Stockyards Loop Track and Inner Loop Track. Includes sections through tight twisting single track.

### GMBC Descent

**Distance:**  
1.6km

Downhillers Delight! Features extremely technical terrain including rock gardens, logs, jumps, berms, bridges and steep drops.

### Link Track

**Distance:**  
0.6km

Short playful single track joining Rockwell Run and Lactic Acid tracks.

### Bandages or Glory

**Distance:**  
1.5km

The most advanced trail at the You Yangs. Features extremely technical terrain for Downhill Riders Only!

### Cressy Climb

**Distance:**  
1.6km

Long fast single track, combined with technical twisting sections. Perfect for the more experienced rider.

### Junction Track

**Distance:**  
4.3km

Long flowing single track linking the two MTB areas. Contains jumps, rock gardens and some varied terrain.

## You Yangs Regional Park Stockyards Mountain Bike Area

Sweet hand crafted trails built by mountain bikers with one purpose in mind

This trail network has been constructed and maintained by Parks Victoria and a number of dedicated volunteers. If you find any damage or have comments on the trails please email;

[youyangsrecreation@parks.vic.gov.au](mailto:youyangsrecreation@parks.vic.gov.au)

For further information please contact the Parks Victoria Information Centre on 13 19 63, or visit the Park Office.

## IMBA rules of the trail

The way we ride today shapes the mountain bike trail access for tomorrow. Do your part to preserve and enhance the sport's access and image by observing the following rules of the trail, formulated by the International Mountain Bicycling Association.

These rules are recognised around the world as the standard code of conduct for mountain bikers. IMBA's mission is to promote mountain biking that is environmentally sound and socially responsible.

### 1. Ride on open trails only

Respect trail and road closures (ask if uncertain) and avoid trespassing on private land. The way you ride will influence trail management decisions and policies.

### 2. Leave no trace

Be sensitive to the dirt beneath you. Recognise the different types of soils and trail construction and practice low-impact cycling. Wet and muddy trails are more vulnerable to damage. When the trailbed is soft, consider other riding options.

### 3. Control your bike!

Inattention for even a second can cause problems. Ride within your ability. Skidding only damages the trail, and is a sign of loss of control.

### 4. Always give way

Let your fellow trail users know you're coming. A friendly greeting or bell is considerate and works well; don't startle others. Show respect when passing by slowly to a walking place or even stopping.

### 5. Never scare animals

All animals are startled by an unannounced approach, a sudden movement, or a loud noise. This can be dangerous for you, others, and the animals. Do not disturb flora and fauna. Beware of snakes.

### 6. Plan ahead

Know your equipment, your ability, and the area in which you are riding - and prepare accordingly. Always wear a helmet and appropriate safety gear.

### 7. Do your bit

Keep your bike clean. Help keep trails clear by picking up sticks and reporting larger maintenance issues. Join in track maintenance field days.
